

Carolyn Marrone

Carolyn started managing the Barons Netball Club and then became coach as she learned more about the game. Carolyn ended up on the committee (but can't remember if it was President or Secretary) – and helped establish the system of dividing the tasks evenly amongst all positions to encourage more people to take an active role on the committee. Carolyn developed manuals/procedures to guide volunteers in their roles.

She was also a squad selector and coach of BSNA squad teams.

Carolyn moved on to assisting teams within our leagues once daughter Lia played at Golden Square. She continues to be an avid supporter of local netball both at BSNA and BFNL.
